

SECURITY SOLUTIONS

TROY M402

MICR Printer

The TROY M402 MICR Printer is ideal for small businesses in need of a laser check printing solution. This model is fully compatible with TROY MICR cartridges and standard HP cartridges. Backed by HP's world's most secure printing features¹, along with TROY MICR security features, you get the confidence and protection customers expect from TROY.

Benefits

Streamline Your Secure Check Printing

TROY M402 MICR Printers eliminate the security risks of using preprinted check stock by allowing companies to print checks on demand. Incorporate your logo, customer data, signature, and MICR line onto the checks at the point of print.

Add Layers of Security

The security features of the TROY M402 MICR Printer combined with TROY MICR Toner Secure ensures that each printed check is highly resistant to fraudulent alteration.

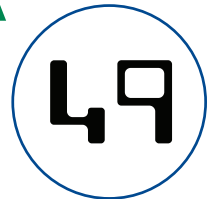

Reduce Time Consuming Processes

Simplify or eliminate chain of custody procedures with built-in tray locks and steel shielding to protect valuable check stock in the printer.

Features

MICR Font Technology

Each TROY MICR font is designed to be printer specific rather than "one size fits all". MICR Fonts for the M402 are available from TROY Support.

MICR Toner Secure

Protect every printed check with OEM quality MICR toner enhanced with a patented, hidden red security agent that appears if chemical alteration is attempted on a document.

Paper Tray Locks & Tray Shielding

Prevent unauthorized access to valuable check stock with built-in locking paper trays and steel tray shielding to prevent paper removal from the back of the printer.
